## MASS RECITATION

### TERM-I

#### Don't Quit

When things go wrong, as they sometimes will,  
When the road you're trudging seems all uphill,  
When the funds are low and the debts are high  
And you want to smile, but you have to sigh,  
Rest if you must, but don't you quit.

Life is strange with its twists and turns,  
As everyone of us sometimes learns,  
And many failures turn about,  
When we might have won had we stuck it out,  
Don't give up though the pace seems slow,  
You may succeed with another blow.

Often the goal is near as than,  
It seems to a faint and faltering man,  
Often the struggler has given up,  
When he might have captured the victor's cup;  
And he learned too late when the night came down,  
How close he was to the golden crown.

Success is failure turned inside out,  
The silver tint of the clouds of doubt,  
You can never tell how close you are,  
It may be near when it seems so far;  
So stick to the fight when you're hardest hit  
It's when things seem worst that you must not quit.

**-By Edgar A Guest**

## MASS RECITATION

### TERM-II

#### STOPPING BY THE WOODS ON A SNOWY EVENING

Whose woods these are I think I know.

His house is in the village though;

He will not see me stopping here

To watch his woods fill up with snow.

My little horse must think it queer

To stop without a farmhouse near

Between the woods and frozen lake

The darkest evening of the year.

He gives his harness bells a shake

To ask if there is some mistake.

The only other sound's the sweep

Of easy wind and downy flake.

The woods are lovely, dark and deep,

But I have promises to keep,

And miles to go before I sleep,

And miles to go before I sleep.

**-By Robert Frost**
